Oslo – 25 November 2026 – Euronext today congratulates Capital Tankers (ticker: CAPT), an international crude tanker owning company, on its admission to trading on Euronext Oslo Børs. This is the 77th admission on Euronext in 2026.

Capital Tankers is a shipping company with a modern fleet of fuel-efficient tankers. The company transports crude oil and petroleum products, with a fleet comprising VLCC, Suezmax and Aframax/LR2 vessels. Its fleet includes both vessels in operation and newbuildings under construction. The company is incorporated in the Republic of the Marshall Islands.

The uplisting to the main market follows the company's initial listing on Euronext Growth Oslo in March 2026, when Capital Tankers raised approximately NOK 4.8 billion through a private placement. The offering attracted more than 900 investors and was one of the largest equity raises in the Western shipping sector in recent decades.

A total of 134,177,660 shares were admitted to trading on Euronext Oslo Børs. At market opening, the share price was NOK 170.46, giving the company a market capitalisation of approximately NOK 22.872 billion on the morning of its first day of trading on the main market.

Jerry Kalogiratos, CEO of Capital Tankers, said: *"The uplisting for Capital Tankers to the main list of Euronext Oslo Børs is a natural next step in our planned expansion and an important milestone for the company. Oslo is one of the world's leading centres for shipping finance and investment, and we expect the main list to give us greater visibility among international investors, improved share liquidity and broader access to capital. We look forward to building on this as we continue to grow Capital Tankers and create value for our shareholder."*
