To the attention of:	**All Clients**
Priority:	**Media**
Topic:	**Issuance Enhancements for Govies: postpone production release**

Dear Client,

We would like to inform you that, in line with the Bank of Italy and the Ministry of the Economy and Finance, the release into production of the ES-MIL interventions to support the Bank of Italy in the launch of the new electronic platform for government bond auctions on the primary market (ISYDE) has been postponed to 16 June 2025.

Please note that on the same date of June 16th the release of ECMS and T2S R2025.JUN will also take place and therefore there could potentially be delays in the ES-MIL procedures.

We remind you that the ES-MIL contribution to the Bank of Italy does not have any changes to our current settlement procedures, except for a "technical" update reported in the documentation Standard Per Utenti XTRM modalità A2A e RNI.
