CHAPTER 3: TRADE REPORTING RULES

3.1 GENERAL

3101 SCOPE OF CHAPTER 3

This Chapter 3 sets forth rules governing trade reporting on Nordic ABM.

3102 TRADING DAYS

The Trading Days in any given calendar year where Nordic ABM is open for trade reporting.

3103 CURRENCY OF TRADING

Trade reports shall be expressed to represent percent of face value denominated currency for the Bond.

3104 TRADING SYMBOLS

Oslo Børs shall define trading symbols for the purpose of identifying Bonds in the trading systems. It may in its sole discretion modify or reassign such trading symbols at any time. The Issuers of the relevant Bonds shall have no proprietary rights to such trading symbols.

3105 SYSTEM RULES AND REQUIREMENTS

When reporting trades to Nordic ABM Members shall comply with the operational, procedural and technical requirements of Oslo Børs' and Euronext' systems and networks, as specified by Oslo Børs and Euronext.

3106 MEMBER RESPONSIBILITY

In respect of business conducted on Nordic ABM or business related thereto, a Member shall be responsible for the acts and conduct of all Responsible Persons registered in its name and all individuals performing trade reports under the general authority of such Responsible Persons as if the acts and conduct of each of those persons were the acts and conduct of the Member. In particular, a Member shall be held responsible for a violation of a relevant obligation committed by any such person and sanctions may be imposed under the Rules.

3.2 REPORTING AND PUBLICATION

3201 REPORTING OF TRANSACTIONS

3201/1 This rule governs only Transactions (i.e. trades made under these Rules) and is without prejudice to the transaction reporting obligations set forth by European and national regulations implementing Article 26 of MiFiR.

3202/2 A trade report shall be submitted to Nordic ABM in respect of every trade to which a Member is a party in accordance with the trade reporting responsibility rule 3202/5.

3202/3 A Member who has effected a Transaction shall report such trade to Nordic ABM as close to real time as technically possible, and, except for repo-transactions, in any case within 5 minutes of execution. Repo-transactions shall be reported within expiry of the trading day and in case where agreed time being after end of the trading day, within opening on the following trading day.

When reporting, a Member shall indicate whether it acted as principal or not.

Where a trade is effected outside the trade reporting period, a trade report shall be submitted at the start of the next trade reporting period and in any case within 09:00 CET.

3202/4 A Member shall not cause a trade report which does not reflect the current market value of that Bond to be put into the trading system.

3202/5 The following trade reporting responsibility rules apply, unless otherwise agreed in accordance with rule 3202/6:

- (i) A trade between a Member and a non-member, the Member reports
- (ii) A trade between two Members, the selling Member reports

3202/6 In relation to rule 3202/5, where two Member firms agree at or prior to the time of the trade, the responsibility for trade reporting may be delegated to the other Member.

3202/7 Where a Member identifies a system problem it shall inform Oslo Børs Market Surveillance Department and follow any subsequent instructions from Oslo Børs. A system problem would include, but not be restricted to preventing a Member submitting a trade report. Where a Member has a system problem that prevents it from submitting a trade report (where it has the responsibility to do so), the Member must immediately upon execution of the trade inform Oslo Børs. Oslo Børs will determine what trade details it requires until such time as the problem is resolved. Such trades must be re-reported by the Member once the system problem has been resolved.

- 3202/8 A Member must ensure that the content of a trade report is accurate and entered in accordance with the guidance and technical description.
- 3202/9 If a Member becomes aware of a trade report it has submitted in error, or of an error in a trade report submitted by it under the rules, it shall immediately submit a cancellation to the trade reporting system, and where correcting an error in the original trade report, submit a new trade report.
- 3202/10 To ensure the integrity of the market or in extraordinary situations, Oslo Børs may undertake a Nordic ABM enforced cancellation of a trade reported to the trade reporting system, either at the request of a Member or of its own volition.

A request for a Nordic ABM enforced cancellation must be submitted to the Oslo Børs Market Surveillance Department as soon as possible and in any event within the end of the trade reporting period.

The Member requesting Nordic ABM enforced cancellation must provide appropriate information to the Oslo Børs Market Surveillance Department.

Generally, Oslo Børs will only consider a Member's request for a Nordic ABM enforced cancellation when it considers, in its sole discretion, that to cancel the trade is in the best interest of the overall market. When considering cancellation, Oslo Børs will generally have regard to the following non-exhaustive list of considerations:

- (i) Time elapsed since the trade(s)
- (ii) Erroneous nature of the trade – any trades to be cancelled must be manifestly erroneous in the judgement of Oslo Børs
- (iii) Market impact – Oslo Børs may take into account other factors including, but not limited to, the potential market disorder that would be caused if the trade(s) were upheld or the potential adverse market impact if the trade(s) were cancelled.

Oslo Børs' decision regarding a Nordic ABM enforced cancellation is final. If cancelled, it is only the trade report in the trade reporting system that will be cancelled, not the agreement between the Member and its clients.

- 3202/11 Nordic ABM may at its own discretion choose not to delete the trade report, but rather to render the transaction unofficial in the trade reporting system.

3203 PUBLICATION

Neither the Member nor anyone representing the Member shall have any involvement in trading in Bonds for a customer if the Member or its representative is aware or should be aware that the customer is privy to inside information.

Inside information means any information of a precise nature relating to financial instruments, the issuers thereof or other circumstances which has not been made public and is not commonly known in the market and which is likely to have a significant effect on the price of those financial instruments or of related financial instruments.

Information of a precise nature means information which indicates circumstances that exist or may reasonably be expected to come into existence or an event that has occurred or may reasonable be expected to occur and which is specific enough to enable a conclusion to be drawn as to the possible effect of those circumstances or that event on the price of the financial instrument or related financial instruments.

Information likely to have a significant effect on the price of financial instruments or of related financial instruments means information of the kind which a reasonable investor would be likely to use as part of the basis of his investment decisions.

The first paragraph applies only to the misuse of information as mentioned in that paragraph. The first paragraph does not prevent the normal performance of option or futures/forward contracts previously entered into upon the expiry of such contracts.

- 4107/2 The Member, its officers or employees who are privy to such inside information as defined in section 4107/1 must not pass such information to unauthorized parties. Good business practice must always be observed in all communications with the public at large or specific individuals that contain an offer or a solicitation to buy, sell or subscribe for Bonds or that are in any other way intended to promote purchases and sales of Bonds.

4109 MARKET MANIPULATION

4109/1 A Member trading in a Bond shall not do any act or engage in any course of conduct which constitutes or is likely to constitute market manipulation under MAR.

4110 GOOD MARKET PRACTICE

4110/1 A Member shall observe good market practice.

4111 CURRENT MARKET VALUE

4111/1 A member shall not, in respect of its trading business cause a trade which do not reflect the current market value of that Bond to be put into the Trade reporting system.

CHAPTER 5: MEASURES IN CASE OF VIOLATION OF THE RULES

5.1 DISCIPLINARY PROCESS

Where Oslo Børs believes there has been a breach of these rules by a Member, or employees or directors of the Member, Oslo Børs may commence disciplinary action against such Member, employees or offices in accordance with the provisions set out below. There are a number of factors which Oslo Børs takes into account when considering what disciplinary action to take in relation to a rule breach.

- (i) The seriousness, size and nature of the rule breach
- (ii) How the rule breach came into light
- (iii) The actual or potential market impact of the rule breach, and any other repercussions
- (iv) The extent to which the rule breach was deliberate or reckless
- (v) The general compliance history of the Member, and specific history regarding the rule breach in question
- (vi) Consistent and fair application of the rules (any precedents of previous similar rule breaches)
- (vii) The responsiveness and conduct of the Member in relation to the matter under investigation

Oslo Børs' approach to regulation is aimed at maintaining the integrity, orderliness, transparency and good reputation of its markets and changing Member firm's behavior in those markets where necessary. Oslo Børs will investigate the facts of each case, seeking to understand why the rule breach occurred and will assess whether any remedial action the Member has taken is adequate to prevent similar future occurrence.

5101/1 Where a Member breaches law, regulations, these rules, good business practices, or otherwise demonstrates unsuitability to be a Member, Oslo Børs may report the Member to the relevant authorities.

5101/2 Oslo Børs may, in respect of any such breach:

- (i) Issue a warning to the Member
- (ii) Suspend the Member from reporting trades
- (iii) Call attention to the situation by issuing public criticism
- (iv) Terminate the membership or withdraw the right to report trades, provided that the breach is material

5101/3 The Member shall be informed that sanctions are under consideration and of the circumstances on which this is based. The Member shall have reasonable time to express its views before Oslo Børs makes its decision.

5101/4 A Member in respect of whom a decision is taken regarding termination of membership or withdrawal of authorization, shall be notified in writing of the decision and the grounds for the decision.

5101/5 A decision to impose sanctions and the reason for the decision shall be published by Oslo Børs unless there are particular reasons for not doing so.

5.2 INFRINGEMENT OF NATIONAL REGULATIONS AND MISCONDUCT

If Oslo Børs in the course of an examination of an alleged violation or any other occasion finds suspicion of a possible significant infringement of applicable National Regulations related to a Bond it may report the matter to the Norwegian Financial Supervisory Authority (Nw. *Finanstilsynet*)
