**Liste indicative des instruments financiers exonérés de l'impôt de bourse**

---

Consécutivement à la mise en place d'Eurolist by Euronext et du changement de périmètre d'imposition sur les opérations de bourse, Euronext fait connaître la liste indicative des instruments financiers qui, à compter du 21 février 2005, seront exonérés de l'impôt de bourse.

Cette liste vise les titres de capital, français ou étrangers, admis à la cotation sur un marché réglementé dont la capitalisation boursière indicative \* au 31/12/2004 est inférieure ou égale à 150 millions d'Euros, selon les modalités définies dans la loi de finance 2005

\* Capitalisation boursière calculée sur la base du cours d'ouverture des 60 derniers jours de bourse de l'année 2004.

---

Further to the implementation of Eurolist by Euronext and the change of taxation scope on stock-market operations, Euronext publishes below the indicative list of the financial instruments which from the 21<sup>st</sup> of February 2005 will be exempted from the stock exchange tax.

This indicative list concerns the equity securities, French or foreign, listed on a regulated market which indicative market capitalization \* on the 31/12/2004 is lower or equal to 150 million Euros, as defined in the "loi de finance 2005".

\* This market capitalization is calculated on the basis of opening prices on the market's last 60 business days in 2004.
