

> NSC & TCS evolutions go live shortly on EUA platform

Euronext informs customers that the evolutions to the NSC and TCS cash trading and trade confirmation systems announced by info-flash on 8 August 2003 and updated on 3 October 2003 will be available on the **External User Acceptance platform** from **Monday 3 November 2003**.

Euronext reminds you that the NSC & TCS evolutions are the following:

- related party
- cross basket
- order cancellation
- cinematic of global cancellation confirmation
- valuation trades on non-quoted stocks
- harmonization of market order and trading at last phase

These functionalities will go live on the **production platform** on **15 December 2003**.

Kind regards,

Euronext Cash Market
