

## > New version of ETW 3.2 available on the test platform

Euronext is pleased to announce that the Euronext Trading Workstation (ETW) version 3.2 will be available for testing on the External User Acceptance (EUA) platform on Monday 17 November 2003.

We remind you that in order to implement this new version, you will need to use the Euronext Download Tool (EDT).

This upgrade should only be performed on **dedicated test ETWs**. No action is required from members who do not have a test ETW.

This version will allow you to benefit from the evolutions to the Euronext Market Model (EMM) as well as new ETW functionalities.

A further communication will be sent regarding the implementation of the ETW v3.2 on the production environment, scheduled for Monday 15 December 2003.

For further information concerning this upgrade you will find the following documents on the Member Relations website:

- A Key Points document providing recommendations and functional perimeters;
- The Installation Guide;
- The User Guide.

For any support regarding these new functionalities or if you have any questions regarding the installation of this new version, please contact Customer Technical Support on tel: +33 1 49 27 15 60 or email: [ctsparis@euronext.com](mailto:ctsparis@euronext.com).

Kind regards,

Euronext Cash Market
