

## > End of dissemination of MMTP messages 0150, 0151, 0153, 0250, 0251 and 0253, and FIX messages U0150, U0151, U0153, U0250, U0251 and U0253

Euronext confirms that MMTP messages 0150, 0151, 0153, 0250, 0251 and 0253 and FIX messages FIX U0150, U0151, U0153, U0250, U0251 and U0253, will no longer be disseminated from **Monday 5 January 2004**.

These messages have been replaced since 30 June 2003, the date of the completion of the changeover to the ISIN code for Euronext marketplaces, by the following messages:

- **0350 / U0350**: Start of instrument reference data flow (morning)
- **0351 / U0351**: End of instrument reference data flow (morning)
- **0353 / U0353**: Instrument characteristic for the current business date (morning)
- **0450 / U0450**: Start of instrument reference data flow (evening)
- **0451 / U0451**: End of instrument reference data flow (evening)
- **0453 / U0453**: Instrument characteristic for the current business date (evening).

Should you require any support regarding these new message functionalities, please contact Customer Technical Support at: tel: +33 149 27 15 60, fax: +33 149 27 15 30, email: [ctsparis@euronext.com](mailto:ctsparis@euronext.com)

Kind regards,

Euronext Cash Market
