

## Allshare Finance

### Who we are

Allshare has been focusing on securities banking systems for more than 20 years. We do not only develop systems, but we actually run banking systems on behalf of several leading banks.

### What we do

#### Core banking solutions

- private banking; the stability of proven technology for private banking and securities trading
- retail banking; component-based retail banking with a modern architecture.

#### Specific back-office solutions

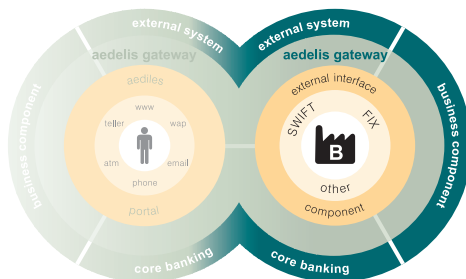

- Corporate Actions Management (CAM); manage and process corporate actions correctly.

#### Electronic banking solutions

- E-brokerage; perform real-time on-line order management and obtain portfolio information
- E-Payments; perform real-time on-line payment transactions
- E-Loans
- E-Savings.

#### Interfaces

- S.W.I.F.T. (ISO 15022)
- Euronext; Standard component to connect any third party system to Euronext, using the open standard FIX
- Switch
- Clearing 21®.
