

ING Securities Infrastructure Services B.V.

ING Securities Infrastructure Services B.V. is a 100% subsidiary of ING Bank NV and specialises in IT solutions for remote trading members. On LIFFE CONNECT® we are an ASP, offering connectivity to the derivatives markets of Liffe.

All ISVs can connect to our ASP, which allows trading members to have freedom of choice in selecting their ISV. We have vast experience in this area as we already offer similar technical solutions on other major European exchanges.

ING Wholesale Banking-Securities Services, the division within ING Bank N.V. specialises in offering securities services and is the preferred supplier for all ING entities. ING Wholesale Banking-Securities Services is a Clearing Member on all Liffe markets. The unique combination of clearing services and IT solutions provides all that a trading member requires in today's highly technical (post-) trading environment.

ING is your one-stop solution to Liffe connectivity, trading and clearing!
