CQG, Inc. is one of the industry's highest-performing, most cost effective solution to integrate market data, technical analysis and order routing. CQG's data coverage includes futures, options, fixed income, foreign exchange, and equities exchanges worldwide, as well as debt securities, reports and indices.

To activate a live trading account, please contact one of our FCM partners: www.cqg.com/fcm. If your FCM is not listed, contact CQG.

CQG provides:

- Connectivity to exchanges worldwide, listed at www.cqg.com/trade
- Accurate and dependable market data
- Powerful analytical charts and tools with fast, reliable order execution
- Easily execute, modify, and cancel trades
- Several order routing interfaces, including: SnapTrader™, DOMTrader™ and Order Ticket
- Fourteen different chart types, including the new TradeFlow™ Charts and Studies
- Six different quote page formats, two of which can be linked to Excel
- All major order types including order-cancels-order and trailing stops/stop limit
- Ability to trade spreads
- Orders and Positions management, including manual fills
- Portfolio and Market scans
- Backtesting, signal evaluation, optimization, and automatic trading system
- An elegant new way to read and filter news
- CAST offers the industry's most robust pre-trade risk analysis
- CQG API, a data delivery or spreadsheet trading solution.
