JJIF is a company founded by people with a large experience in designing and developing products for treasury departments, and expertise in integration and connectivity between systems.

LIFFE CONNECT® gateway

Provides easy connectivity from any customer system to the LIFFE CONNECT® trading platform.

LIFFE CONNECT® front end

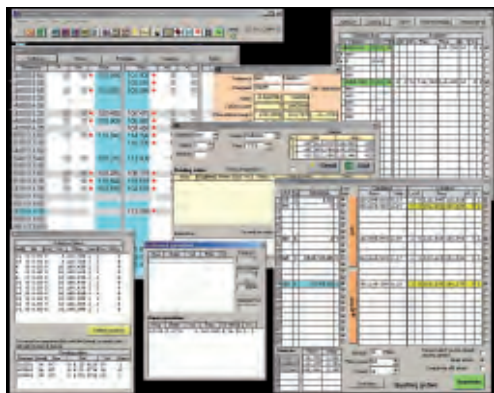

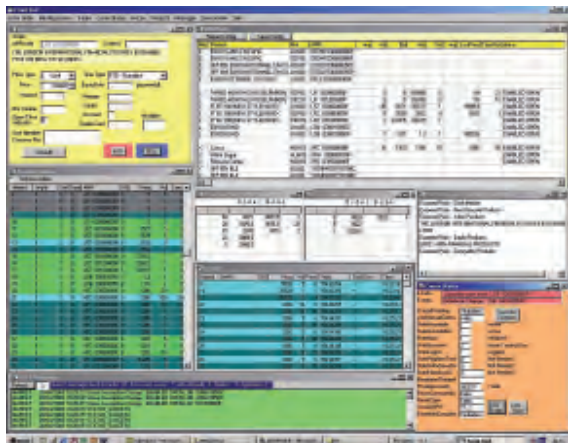

This application allows direct trading on the LIFFE CONNECT® trading platform.

Automatic trading and quoting platform

Provides connectivity and full operational capacity (Cash, Repo, Basic, Spread, Switch) on fixed income and derivative markets as well as front and back office facilities.

Orders routing and management system

Provides connectivity and operational capacity (Limit, Market, GTC, GRD, stop, iceberg orders ...) on stock markets and derivatives markets around the world, as well as back office facilities.
