

Calyon Financial

Calyon Financial, a subsidiary of Calyon Corporate and Investment Bank, is a global brokerage firm dedicated to providing institutional clients with efficient access to global financial and commodities markets. Headquartered in Chicago, Calyon Financial has offices around the world and access to all major futures and equity exchanges worldwide.

eBrokerage Products and Services

Calyon Financial's eBrokerage group provides a "toolbox" of electronic brokerage products and services that will aid in the STP of your account. Designed for your risk, front, middle and back offices, our products include our trade allocations tool, "Allocations", our Fills Logger, TEO, ClearVision, TradeMatch and RTA – our web-based real-time reporting system.

The eBrokerage group will work directly with your firm to tailor customised, flexible electronic solutions that meet your needs and requirements.

The Calyon Financial Advantage:

- Flexible, tailored solutions
- 24-hour multi-lingual customer support staff
- Global access via single points of connectivity and development
- Risk management tools
- Extensive exchange connectivity
