

G H Financials Ltd.

We offer space in our fully equipped offices to experienced traders, whether individuals or groups, to trade financial futures on the major international exchanges. To support these activities we provide experienced IT, support, back office and risk management. There is also a complimentary gym in the basement.

We also support remote access that is gained via leased lines or over the Internet using our secure VPN.

Our clients are predominantly individual professional traders and groups of professional traders, for whom we provide clearing services, and electronic exchange connection, for trading routed through our risk management systems.

Established in 1993 as a clearing member of The London International Financial Futures and Options Exchange, GHF is privately owned by its management; is a shareholder member of LCH.Clearnet and is authorised and regulated by the Financial Services Authority (FSA).
