

Hypovereinsbank AG (HVB)

- Hypovereinsbank AG (HVB) is one of the leading European banks
- the business unit “Brokerage, Clearing & Custody Business” of HVB’s Corporates and Markets division offers execution, prime brokerage and clearing services
- you can trade directly on Liffe and other leading exchanges using our trading solution EXACT.RTD via any Internet connection. No additional hardware or software is required
- you can also route orders via FIX-protocol
- this solution is completed by professional clearing, reporting and custody services.

The screenshot displays the EXACT.RTD trading platform. The main window shows a list of securities with columns for 'Symbol', 'Description', 'Price', and 'Quantity'. Below this, there are several panels for order entry and execution, including fields for 'Order Type', 'Quantity', and 'Price'. The interface is typical of a professional trading environment.
