

Van der Moolen Financial Services SAS

(Clearing through KBC Clearing (Netherlands) N.V.)

Van der Moolen Financial Services offers online brokerage for the professional. Our OnlineTrader product provides access to trade in futures, options, equities and forex across multiple exchanges on one integrated platform. Traders are always looking for the best deal, and with OnlineTrader they have found it. A state of the art platform at low cost, with OnlineTrader you can trade from wherever you like with a professional trading system.

Van der Moolen Financial Services SAS is a subsidiary of the Van der Moolen Holding N.V. Van der Moolen is an international trading firm active in equities, bonds and related instruments such as options and futures. We are active as a 'specialist' and/or proprietary trader on the important equity exchanges in the United States and Europe.
