

MET Traders Ltd.

(Clearing through The Kyte Group Ltd.)

London - Cape Town

MET is a leading proprietary trading firm offering access to Liffe and all main exchanges via numerous front-end solutions. MET is also a designated market maker for Liffe and has an institutional broking division MET Brokers.

MET is located in West Hampstead, London in modern, bright and fully air conditioned offices, offering independent traders a professional yet relaxed environment.

MET provides the highest level of service for both independent proprietary traders and backed traders and offers competitive rates and flexible packages in order to build long-term strategic partnerships with its clients.

MET's state of the art office in Cape Town, South Africa, is a glass penthouse with sweeping views of the surrounding landscape including Table Bay, Roben Island and the majestic Table Mountain. MET Traders (Pty) Ltd provides traders with instant access to the world's leading derivative exchanges including Liffe, allowing traders to move between locations seamlessly.

MET provides full on-site IT support in both the London and Cape Town offices, ensuring the fastest and most reliable connections for clients in the dealing room and from remote locations.

MET has a very strong record of developing successful traders and will continue to invest significant resources to its unique in house graduate training programme, and we are keen to hear from candidates that have a strong numerate or scientific background.
