

Saxon Financials Singapore

Saxon Financials Ltd. is solely a proprietary trading firm.

We pride ourselves on providing a comprehensive training program, along with ongoing trader management and support for the long-term professional development of traders.

Saxon has enjoyed great business success over the past seven years. Along with offices in London, Dublin, Madrid, Gibraltar and Montreal, we established our Singapore operation in 2005.

Our well established methodology in developing successful traders has been applied successfully to the Asia market.

We can now offer a wide array of fast market access using a number of Independent Software Providers.

We invest significant resources in our in-house training programme and regularly recruit candidates with a keen passion to be successful traders.

Please contact Brett Traynor (b.traynor@saxonfinancials.com) if you would like to learn more about our Singapore operation.
