

23 May 2008

PROJECT: **MULTI-DECIMAL TRADING**

Extending the pilot for multi-decimal trading to three decimal places

NYSE Euronext is pleased to inform clients that, **as from Monday 26 May 2008**, two shares will be traded at €0.001 on Euronext's Amsterdam and Paris markets, in the final part of our three decimal place trading pilot.

The two stocks concerned are STMicroelectronics in Paris and Aegon in Amsterdam that both trade below €15. The tests will help us assess the need for a smaller tick size for highly liquid lower priced stocks.

Please find details of both stocks below:

Single tick size of €0.001			
NAME	ISIN	TRADING SYMBOL	TRADING GROUP
STMICROELECTRONICS	NL0000226223	STM	01
AEGON	NL0000303709	AGN	J0

The tick size of all other AEX (trading group J0) and CAC40 (trading group 01) components remains unchanged.

For further information, please contact your account manager, or for functional or technical questions, please contact:
