

5 September 2008

PROJECT: **Multi-decimal trading**

Corporate action management

NYSE Euronext would like to remind all market participants that, with the implementation of multi-decimal trading, all corporate actions relating to the stocks concerned are managed with the same level of granularity.

Consequently, if a stock is traded at €0.001, then the price adjustment would be rounded to €0.001; if it is traded at €0.005, then the price adjustment would be rounded to €0.005.

For further information, please contact your local account manager, or for functional or technical questions, please contact:
