## Extension of NYSE Euronext trading scope: key dates

NYSE Euronext is pleased to remind clients that the following projects aimed at extending the scope of Euronext's regulated markets will see major migrations or launches in February and March 2009:

### SmartPool

The launch of SmartPool, the first European exchange-led electronic dark pool for block trading, will take place on **Monday, 2 February 2009**. The platform offers trading in CESR liquid securities, amounting to approximately 1000 instruments across 15 European countries. Current Euronext customers will be able to access SmartPool through their original CAPI, MAPI, MMBA or co-location connection after completing a simple membership process.

For more information, see [www.tradeonsmartpool.com](http://www.tradeonsmartpool.com) or email [info@tradeonsmartpool.com](mailto:info@tradeonsmartpool.com).

### Universal Trading Platform

Equities and ETFs from NYSE Euronext's regulated markets will be available for trading on the Universal Trading Platform as of **Monday, 16 February 2009**. Members will be able to trade using their current connection infrastructure (CAPI, MAPI, MMBA, co-location) or upgraded connections via CCG (Common Customer Gateway) for the UTP-Direct protocol for order entry. Equity and ETF trading groups are progressively being made available for member testing in the EUA test environment; please see the info-flash of 13 January 2009 for details.

For further information, please contact the Universal Trading Platform Support Desk by telephone +33 (0)1 4927 5090 or email: [utp@nyx.com](mailto:utp@nyx.com), or go to [www.euronext.com/universaltadingplatform](http://www.euronext.com/universaltadingplatform) for all Universal Trading Platform related documentation.

### NYSE Arca Europe

The launch of NYSE Arca Europe, the pan-European multilateral trading facility (MTF) for the trading of approximately 600 of the most liquid CESR shares from Austria, Denmark, Germany, Finland, Ireland, Italy, Norway, Spain, Sweden, Switzerland and the UK, will take place as of **Monday, 9 March 2009**. The NYSE Arca Europe team is working in close contact with its clients in order to ensure member readiness. NYSE Arca Europe will also be traded on NYSE Euronext's Universal Trading Platform and NYSE Euronext members can access the MTF through their existing connections such as co-location, MMBA, CAPI/MAPI, as well as the global SFTI<sup>®</sup> network. The Common Customer Gateway (CCG) and the UTP-Direct protocol will also allow access to NYSE Arca Europe.

Trading tests are currently possible on the NYSE Euronext External User Acceptance (EUA) test platform. For all enquiries relating to NYSE Arca Europe, including details of the membership process, please contact your local account manager or contact [naesales@nyx.com](mailto:naesales@nyx.com). More information is available at [www.euronext.com/NAE](http://www.euronext.com/NAE).

Kind regards,

Euronext Cash Market
