Market Data Feed: Change of broadcast mode for ETFs

NYSE Euronext would like to inform clients that as of Monday, 2 March 2009, the dissemination of the market depth message for ETFs will be stopped until further notice. This measure has been taken in order to optimise the dissemination of market data via satellite and limit any potential latency issues via the CAP/MAP architecture.

Impacted trading groups

08, 18, 52, B2, K2, PA

Technical impacts

No market depth messages (S3, S4) for the instruments belonging to the abovementioned trading groups.

This change of broadcast mode will not be disseminated through the “instrument state change” market data message.

Please note that the 10 best limits message will continue to be disseminated.

For further information regarding the above, please contact the Customer Technical Support Help Desk either by email or telephone as detailed below:
