PROJECT: NYSE Arca Europe

Successful launch of NYSE Arca Europe

NYSE Arca Europe, NYSE Euronext's new Multilateral Trading Facility (MTF), launched successfully today with a series of continental European stocks.

This first phase in the phased launch of the new platform covers Austria, Denmark, Finland, Germany, Italy, Norway, Spain, Sweden and Switzerland. A second phase planned for early April will further extend the trading scope to include Ireland and the United Kingdom.

The MTF charges a low flat fee of 0.15 basis points, but trading is free of charge during the phased launch period in March. As of 1 April 2009, a volume incentive link secures rebated fees on NYSE Euronext's regulated markets based on trading volumes on NYSE Arca Europe.

NYSE Arca Europe operates on NYSE Euronext's Universal Trading Platform, delivering latency of between 150-400 microseconds, and with the capacity to handle 100,000 orders per second.

Existing NYSE Euronext members can trade on the platform by simply extending their membership. For further information on the platform, please go to <http://www.euronext.com/NYSEArcaEurope> or contact:
