

24 March 2009

PROJECT: Universal Trading Platform for Equities – Order Entry Protocol

Updated FIX 4.2 specifications for order entry on the Universal Trading Platform

NYSE Euronext is pleased to inform clients that an update of the “**Universal Trading Platform for Equities FIX 4.2 Message Specifications**” (v2.0) is now available on the Euronext website. This replaces version 1.11, published in November 2008.

Details of the updates can be found on pages 3 and 4 of the document.

Reminder: These specifications will allow clients to trade on the Universal Trading Platform **only**, and will give access to all the features on the platform:

- on the EUA environment from end of March
- on the production environment at a later stage

This document is now available on the Euronext website in the following location:

www.euronext.com/cashmembers > Market/IT documentation > Technical

NB: The next version of this document, to be issued in early April, will include the CCG FIX 4.2 High Availability (HA) specifications.

All the Universal Trading Platform documentation is available at the following address:

www.euronext.com/universaltradingplatform
