## NYSE Arca Europe to add Irish stocks from 15 June 2009

NYSE Arca Europe will extend its trading scope to include **Irish stocks from 15 June 2009**. Irish instruments are already available for testing in the External User Acceptance (EUA) test environment.

As a reminder, the MTF already offers trading in stocks from Austria, Denmark, Finland, Germany, Italy, Norway, Spain, Sweden, Switzerland and the United Kingdom, via the ultra low latency Universal Trading Platform. A volume incentive link secures rebated fees on NYSE Euronext's regulated markets based on trading volumes on NYSE Arca Europe.

Members of NYSE Arca Europe who are **not** registered for stamp duty relief on Irish Securities should contact the Office of the Revenue Commissions directly using the application form that has been issued by the Onboarding and Client Administration department. If necessary, a further copy can be obtained from Onboarding and Client Administration at [membership@euronext.com](mailto:membership@euronext.com). This is a self-certification scheme and members must fall within the statutory definition.
