**PROJECT: Universal Trading Platform for European Cash Markets**

## Successful migration of Warrants and Certificates and the Lending and Borrowing segment to the Universal Trading Platform

NYSE Euronext is pleased to confirm **the successful migration of Warrants and Certificates and Lending and Borrowing order books to the Universal Trading Platform for European cash markets.**

Effective today, Warrants and Certificates and the Lending and Borrowing segment are available for trading on the Universal Trading Platform. All valid customer order books have been migrated to the Warrants and Certificates part of the Universal Trading Platform.

This new step in the implementation of the Universal Trading Platform is a noteworthy achievement: all our European regulated cash market products including Bonds, Equities, ETFs, Warrants and Certificates and the Lending and Borrowing segment, as well as NYSE Arca Europe and SmartPool, are now available on the Universal Trading Platform. This migration reflects NYSE Euronext's continuing commitment to provide customers with an innovative and powerful electronic trading platform.
