

1 March 2010

**PROJECT: Universal Trading Platform for NYSE Arca Europe**

## **NYSE Arca Europe Universal Trading Platform Market Data (UTP-MD) Feed Improvement: EUA test environment live and new production live date confirmed**

On 15 January 2010, a number of changes to the NYSE Arca Europe Universal Trading Platform (UTP-MD) Feed were announced to clients. We are pleased to inform clients that these changes are now available in the External User Acceptance (EUA) test environment.

Additional time has been allocated for customers to test the new functionality in EUA and, as a result, the production live dates have been extended as follows:

- **Addition of the UMTF Code and Primary MIC code to the 553 Reference Data Message.**
  - **29 March 2010:** in the Production environment.
- **Alterations to the handling of the PacketType field of the packet headers for Market Data messages.** This change will bring performance benefits and bandwidth efficiencies.
  - **29 March 2010:** in the Production environment.

As a reminder, the NYSE Arca Europe Universal Trading Platform Market Data (UTP-MD) Feed Specification Version 1.1, with the new production date reflected in the change history section, is available at:

[www.euronext.com/cashmembers](http://www.euronext.com/cashmembers) > Market/IT documentation > Technical

It is important that clients review all of the changes to the specification, all of which are documented in the Preface and highlighted in 'red' throughout. Feedback regarding these changes is encouraged by NYSE Arca Europe. Please do not hesitate to contact your local relationship manager or liaise with the Universal Trading Platform Support Desk at:
