T2S release 5.2 and non binding XSDs delivery

To the attention of:	**DCPs**
Topic:	**T2S release 5.2 and non-binding XSDs delivery**

Dear Client,

Please note that the upcoming 5.2 release of T2S will be available in the external test environment (UTEST) on 24 September 2021 and testing may begin on 27 September 2021.

Release 5.2 of T2S will be released into production on 20 November 2021, effective as of 22 November.

Please also note that the European Central Bank has published the documentation, although not final, for the non-binding XSD schema of T2S R5.2, in both unformatted (plain) and enriched versions, for the dictionaries of the following messages:

- reda.024
- reda.027
- reda.075
- reda.077.

The final documentation entitled "binding XSD schemas for Release 5.2" of the above message dictionaries will be published on 3 August 2021 in MyStandards; Monte Titoli will announce this in a specific Operational Notice.

Relevant documentation

A folder dedicated to the 5.2 release has been created in the MT-X documentation section (DOCS > T2S - RELEASE MANAGEMENT > T2S RELEASES - INCIDENTS & PROBLEMS) in which the non-binding XSD schema of the messages mentioned in this Operational Notice can be found.

Please use the following address for requests for further information:
