Only Cross-CSD transactions sent to T2S by the day of migration and which are “pending” on 14/09 will be deleted from the T2S system without any action by the client.

The client will be responsible for re-entering the operations, which must be completed from 18/09 on in order to enable the transaction to be correctly routed.

2nd wave

The migration will have accounting effects with the following notes:

- Swiss Shares will not be tradable between 21/09 EOD and opening on 28/09

Only Cross-CSD transactions sent to T2S by the day of migration and which are pending on 21/09 will be deleted from the T2S system without any action by the client.

The client will be responsible for re-entering the transactions, which must be completed from 28/09 on in order to enable the transaction to be correctly routed.

3rd wave

Securities previously scheduled for the 3rd wave will be merged into the 4th wave.

4th wave

The migration will have accounting effects with the following notes:

- Securities centralised with Euroclear Bank and the residual Securities, from the opening of business on Monday 16/10
- Swiss Shares will not be settleable with below exceptions between 12/10 EOD and opening on 19/10

For Securities centralised with Euroclear Bank and residual Securities, External Settlement operations sent for settlement by the day of migration and that are “pending” on 13/10, and External Settlement operations not sent for settlement by the day of migration, will in both cases be cancelled or a cancellation request will be sent by Euronext Securities Milan ES-MIL. **Furthermore, market and Intra-CSD transactions will not be cancelled by ES-MIL.**

For Swiss Shares, only Cross-CSD transactions sent to T2S by the day of migration and which are pending on 12/10 will be deleted from the T2S system without any action by the client.

Furthermore, market and Intra-CSD transactions will not be cancelled by ES-MIL.

The client will be responsible for re-entering the transactions, which must be completed by 16/10 (Shares centralised with Euroclear and residual Securities), or 19/10 (Swiss Shares) in order for the transaction to be correctly routed.

5th wave

The migration will have accounting effects with the following notes:

- Swiss Shares will not be settleable with below exceptions between in cross mode between 19/10 EOD and opening on 26/10

For Swiss Shares, only Cross-CSD transactions sent to T2S by the day of migration and which are pending on 19/10 will be deleted from the T2S system without any action by the client.

Furthermore, market and Intra-CSD transactions will not be cancelled by ES-MIL.

The client will be responsible for re-entering transactions, which must be completed from 26/10 on in order to enable the transaction to be correctly routed.
