

Euronext Nord Pool

Nordic & Baltic

Power Futures Market

- Euronext, the leading pan-European market infrastructure, and Nord Pool, the European power exchange, are launching a dedicated Nordic and Baltic power futures market – traded on Euronext’s pan-European Optiq® trading platform and cleared by Euronext Clearing.
- This initiative is designed to answer the need expressed by the market to have a long-standing, sustainable market infrastructure committed to developing secure power futures trading in the Nordic and Baltic regions, with a strong Nordic foundation.
- Euronext Nord Pool Power Futures will offer trading of cash-settled futures for all industry standard maturities on the Nordic System Price and Electricity Price Area Differential (EPAD) contracts across the Nordics and Baltics. The underlying Nordic System Price and the SDAC Nordic Bidding Zone/Area Prices will be provided by Nord Pool.

Combining the skills and expertise of Euronext across energy markets with a firm Nordic base, harnessing industry knowledge, trading and clearing of financial products, to deliver an attractive and competitive offering for customers.
