- 1 BONDS..... 3
- 2 COMMERCIAL PAPERS 5
- 3 OTHER FEES..... 5

FEES RELATED TO REVIEW OF ADMISSION DOCUMENTS, LISTING AND REGISTRATION OF BONDS AND COMMERCIAL PAPERS ON OSLO BØRS AND NORDIC ABM

The following fees apply to review of admission documents not encompassed by the Prospectus Regulations and listing and registration of bonds and commercial papers on Oslo Børs or Nordic ABM.

1 BONDS

Type of fee	Description	Listed/registered capital	Min. fee (NOK)	Max. fee (NOK)
Annual fee for listing and registration ^{A)}	Fee for first loan issued ^{B)}	73.50 pr. MNOK of outstanding amount (pr. ISIN)	7 790	58 500
	Fee for the second and subsequent loans issued	49.50 per MNOK of outstanding amount (pr. ISIN)	5 890	43 890
	Fee payable if the issuer has listed shares/equity commercial papers ^{C)}	49.50 per MNOK of outstanding amount (pr. ISIN)	5 890	43 890
	Maximum fee per issuer per year			724 500

Type of fee	Type of bond	Fee (NOK)
Registration fee ^{D)}	Bonds with particular standardised terms ^{E)}	10 400 per ISIN
	Other bonds ^{F)}	17 720 per ISIN
	Bonds with collateral or a guarantor ^{G)}	35 490 per ISIN
	Bonds with collateral <u>and</u> a guarantor ^{H)}	53 200 per ISIN

Type of fee	Type of document	Avgift (NOK)
Inspection fee ^{I)}	Description of the issuer, cf. the ABM Rules Section 2.7.2.3	56 800
	Description of the issuer's business activities, cf. the ABM Rules Section 2.7.2.2 (1)	25 200
	Loan description, invitation to tender and loan document for loans with particular standardized terms cf. the ABM Rules Section 2.7.2.4 ^{E)}	16 350 per ISIN
	Loan description, invitation to tender and loan document cf. the ABM Rules Section 2.7.2.4 ^{F)}	18 600 per ISIN

A) The issuer may apply for payment of annual fee for listing/registration of a bond issue in advance for the entire term of the bond at the time it is first admitted to listing/registration. Issuers that wish

to do so must notify Oslo Børs at the time the application for admission to listing/registration is made.

The following assumptions will be applied when invoicing the annual fee for the entire maturity of an issue in advance:

- The invoice will be based on the fee in force at the time the invoice is issued. Any subsequent changes in the level of fee will not lead to a further invoice from Oslo Børs (if the fee is increased) nor any refund of the fee originally paid (if the fee is reduced).
- In the case of a bond denominated in a foreign currency, the exchange rate at the time of admission to listing/registration will be used in calculating the charged fee.
- If the outstanding amount of the bond is subsequently increased as a result of an increase in an open issue (tap issue), an additional annual fee will be invoiced. The amount invoiced will be calculated using the same principles as mentioned above.
- If the bond is redeemed early, this will not cause any repayment of the fee for the remaining years. Where a bond issue includes an option for early repayment by the issuer, the advance fee will be calculated on the basis of the entire original maturity, regardless of whether the early repayment option is exercised.
- The bond must have a stated maturity. It will accordingly not be possible to invoice fees in advance for perpetual issues.
- Where an issue is repayable in instalments, the amount of the advance fee will be based on the expected outstanding amount at each year-end over its maturity.

Invoicing in advance will take into account the minimum and maximum annual fees, both per bond and the total fee per issuer.

B) Relates to the earliest loan admitted to listing/registration at any time.

C) Where the issuer has shares or equity commercial papers admitted to listing, the annual fee is NOK 49.50 per MNOK of the outstanding amount of all the issuer's bond issues.

D) This is a one-off fee incurred at the time of listing/registration.

E) Ordinary senior bonds issued by a bank, ordinary covered bonds and other particular standardized types of bond at the discretion of Oslo Børs.

F) Bonds of types other than those mentioned in item E.

G) The fee is set at twice the registration fee for "other bonds". The fee will not apply to bonds secured by collateral where a third-party valuation is provided which, in the opinion of Oslo Børs, provides sufficient information on the collateral. The fee will not apply to bonds that are guaranteed by the state or by a municipality or county authority.

H) The fee is set at three times the registration fee for "other bonds". The fee will not apply to bonds secured by collateral where a third-party valuation is provided which, in the opinion of Oslo Børs, provides sufficient information on the collateral. The fee will not apply to bonds that are guaranteed by the state or by a municipality or county authority.

I) The fee becomes payable when a admission document is submitted to Oslo Børs for inspection, even if the inspection subsequently is not, or cannot be, completed.

2 COMMERCIAL PAPERS

Type of fee	Fee (NOK)
Registration fee, per month	735 ^{J)}

J) Maximum fee for the full maturity of the commercial papers is NOK 7 350.

3 OTHER FEES

Type of fee	Description	Fee (NOK)
Compliance course ^{K)}	Company-specific compliance courses (fee per course)	By agreement

K) Oslo Børs offers company-specific compliance courses for companies upon request.
