Höegh Autoliners transfers to main market on Oslo Børs

- **Fifth transfer on Oslo Børs in 2022**
- **Market capitalisation of approximately NOK 5.6 billion**

Oslo – 2 May 2022 – Oslo Børs, part of Euronext Group, today congratulates Höegh Autoliners (ticker: HAUTO) on the transfer from Euronext Growth Oslo to Oslo Børs main market, which now counts 210 companies.

Höegh Autoliners is a leading global provider of cargo transportation services for cars, high and heavy machinery and breakbulk. Each year the company transports approximately the equivalent of two million cars as well as other rolling and static cargo. The company recently announced that it has signed a contract to build an additional four new multi-fuel and zero carbon ready Aurora class vessels, extending its Aurora class newbuilding program to eight vessels.

At opening, the share price was set at NOK 29.60 per share based on its closing price on Euronext Growth Oslo on 29 April. This corresponds to a total estimated value of the company of approximately NOK 5.64 billion.

Leif O. Höegh, Chair of Höegh Autoliners said: *"Our commitment to the maritime industry started almost a century ago, so this is a proud moment for Höegh Autoliners and an important milestone in the history of the company. Joining the main market of Oslo Børs emphasises our strong position and robust business model."*

Andreas Enger, CEO of Höegh Autoliners said: *"This marks an important step in our long-term commitment to be the leader in zero emissions shipping and supporting the decarbonisation of our customers' supply chain. I would like to thank our people, customers, investors, and partners for contributing to our success. I am impressed with the many achievements we have reached in a short amount of time, which speaks volumes of the company's people and the effort they have put in to making it all possible."*

"We don't just talk about sustainability and becoming green. We act. Together with our customers and trusted partners, we are constantly taking significant strides to making the maritime industry more sustainable and meeting our net zero emissions target by 2040," concludes Andreas Enger.
