

EURONEXT SECURITIES

Voting solution

Let Euronext Securities support your next online election. If you need to facilitate an election, we have the tailored solution to meet your specific needs. Our secure online voting platform has a user-friendly interface, which makes it easy for participants to vote, whether this is for employee representatives on the board of directors, a membership ballot or something entirely different. The portal will be designed with your company's logo and colour scheme and all texts can be customized just for you. Furthermore, the portal can be set up in multiple languages.

Our Voting Solution is an intuitive mobile/tablet optimized platform designed with a focus on User Experience. Participants will be able to log in with MitID and/or VP-ID (personal username/password). Euronext Securities provides technical assistance to participants either by phone or email. Euronext Securities are also able to send an email to participants with information about the election, a link to the portal and possibly personal login information.

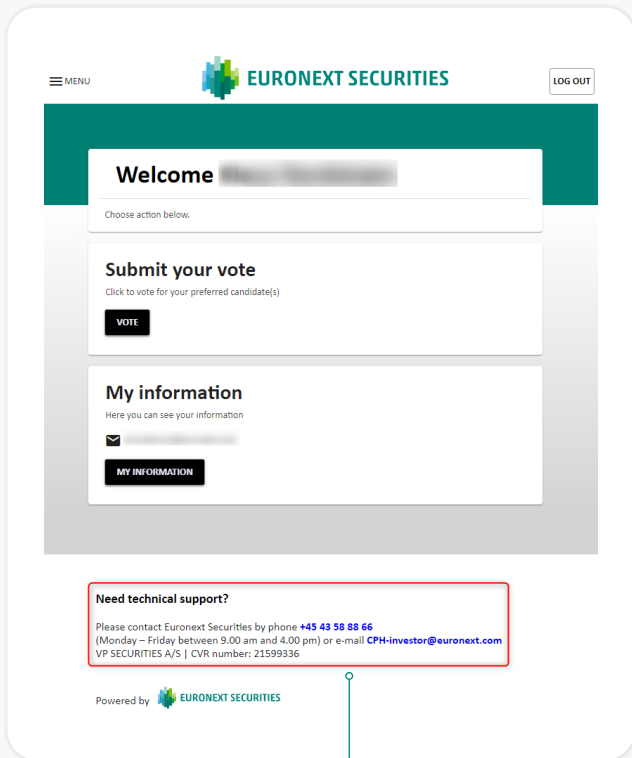

We offer a complete solution or selected services tailored to your needs. As our customer, you have access to investor services based on our expertise and know-how and a specialised IT platform. As your needs evolve, you can choose between a complete investor service solution or selected services. We are dedicated to create the best solutions for you and your investors.

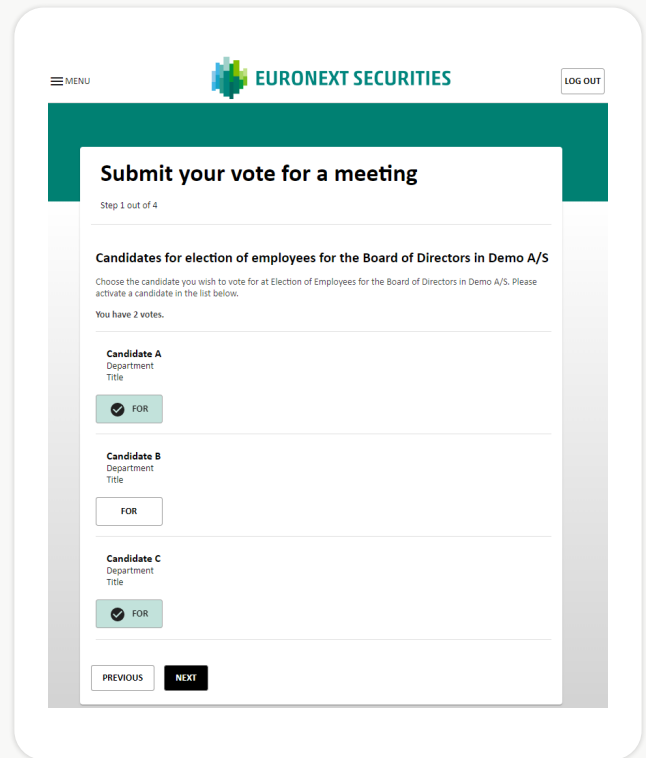

Designed with your logo/ colours and customized texts

The screenshot shows a mobile-optimized interface for an election portal. At the top, there is a header with the Euronext Securities logo and the text "EURONEXT SECURITIES" in green. To the right of the header is a language selector showing "EN". Below the header is a dark green bar with the text "Log in to the Election Portal" in white. The main content area is white and contains two login options: "MitID" with a blue icon and a "LOG IN WITH MITID" button, and "VP-ID" with the Euronext Securities logo and a "LOG IN WITH VP-ID" button. At the bottom, there is a "Welcome to the Election Portal" section with a custom message: "The election portal is the direct and completely electronic channel between the participants and the company." Callouts with green lines point to these elements: "Company logo" points to the top-left logo; "Multiple languages" points to the "EN" selector; "Company colours" points to the dark green header bar; and "Customized text" points to the welcome message box.

User-friendly interface and technical support

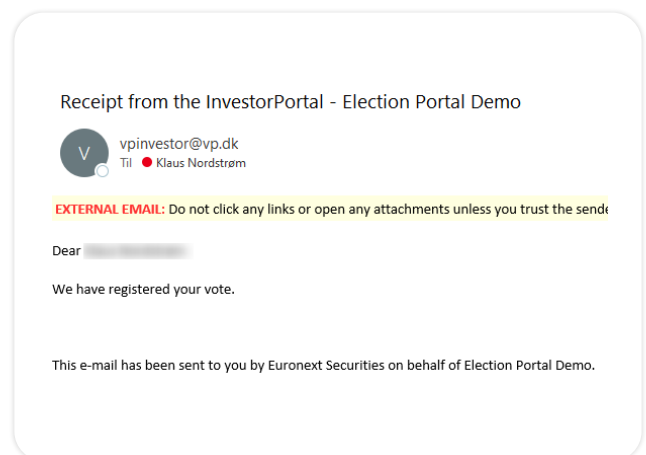

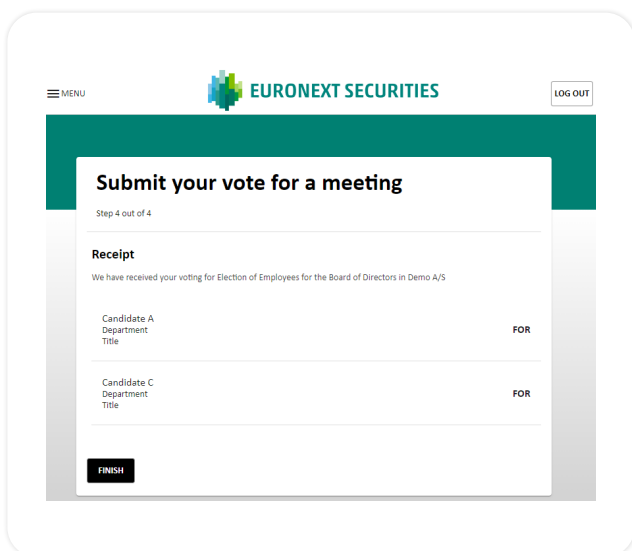

Technical support
for participants

Responsive platform that adapts to the device, whether the participant uses a smartphone, tablet or computer.

Secure online voting platform

Participants receive a confirmation of their vote on the portal and in an email.
