

**EURONEXT SECURITIES**

# Top Shareholder Information – Equities

Official ownership  
intelligence for the  
Norwegian equity market

## Coverage

All listed companies  
(Euronext Securities Oslo  
registered shares)

## Depth

Top 20 shareholders by  
default – configurable  
up to Top 200

## Update frequency

Daily  
(end-of-day)

**Top Shareholder Information – Equities** provides an official, daily overview of the largest shareholders in companies listed on Norwegian markets with shares registered in **Euronext Securities Oslo**.

The dataset delivers structured, reliable ownership information sourced directly from the shareholder register, enabling market participants to analyze ownership structures, detect changes, and build high-quality data products with confidence.

# Why Top Shareholder Information?

## Ownership transparency

All securities transactions in one single platform.

## Automated & reliable

Custom filters and alerts based on your risk model.

## Trend analysis ready

Supports AML, CTF, and market surveillance obligations.

## Complete market context

Identify suspicious patterns and abnormal activity early.

## Strong in combination

Beyond broker-specific or venue-specific monitoring.

## Data-product friendly

From alert to investigation to closure.

## What you get

- Daily list of largest shareholders per company
- Ranked by number of shares held
- Configurable depth: Top 20 to Top 200
- Nominee accounts clearly identified (nominee name disclosed)
- Standardized structure for automated processing
- Coverage of the full Norwegian listed universe (Euronext Securities Oslo)
