

Euronext Tech Leaders welcomes 12 new companies on the occasion of its 2026 annual review

Launched in June 2022, the Euronext Tech Leaders initiative builds on Euronext's vibrant Tech ecosystem and longstanding commitment to technology companies. Euronext Tech Leaders now counts 113 companies.

Amsterdam, Athens, Brussels, Dublin, Lisbon, Milan, Oslo and Paris – 1 June 2026 – Euronext today announced the results of the annual review of the Euronext Tech Leaders segment, leading to 12 new companies joining the segment. These companies span various Tech industries including Biotech, Deftech, Electronics, Fintech, Hardware and Software. Euronext Tech Leaders is Euronext's flagship initiative dedicated to highlighting the visibility and attractiveness of high-growth and leading Tech companies to international investors, together with a suite of services to support them along their listing journey.

This year's annual review marks a new milestone with the inclusion of two Athens-listed Tech companies in the Euronext Tech Leaders segment. Bally's Intralot, a global leader in lottery systems development, and Qualco Group, a provider of innovative information technology, software solutions and platforms, now join the community of Europe's most dynamic high-growth listed Tech companies. Their entry reflects Euronext's commitment to integrating Greek capital markets into its pan-European ecosystem, broadening the segment's geographic reach and reinforcing Euronext's commitment to championing technological excellence across the continent.

The Euronext Tech Leaders Index will be updated after markets close on Friday 19 June 2026 with effect from Monday 22 June 2026. The segment is reviewed annually, with the next review due to take place in June 2027.

In addition to joining the Euronext Tech Leaders Index that tracks the stocks in the segment, Euronext Tech Leaders members are provided with a range of services and visibility initiatives, including exclusive access to investor forums and conferences organised across Europe by Euronext and its partners to promote them to international investors, offering them strategic networking opportunities.

The fifth edition of the Euronext Tech Leaders Forum will take place in December 2026 in Paris. The Euronext Tech Leaders Forum is the flagship annual gathering for European Tech companies, bringing together listed companies, private companies, investors and key ecosystem players. Last year's Forum, held on 25 and 26 November 2025, brought together 400 participants from 12 countries, with 300 investor meetings held, and hosted the first edition of the Euronext Tech Leaders Awards, celebrating outstanding European Tech achievements.

Close to 20 partners across Europe actively support and bring their expertise to the Euronext Tech Leaders initiative: ABN AMRO, Bank of America, Barclays, BNP Paribas, CIC Market Solutions, Crédit Agricole CIB, Goldman Sachs, Intesa San Paolo, Intermonte, Jefferies, J.P. Morgan, Kepler Cheuvreux, Mediobanca, Morgan Stanley, Natixis, ODDO BHF, Portzamparc, Société Générale and Stifel.

Mathieu Caron, Head of Primary Markets at Euronext, said: *"Euronext is the leading equity listing venue for Tech in Europe, with close to 700 listed Tech companies, representing an aggregated market capitalisation of more than €1.6 trillion at end of April 2026. I am delighted to welcome 12 new companies to our community of high-growth European Tech champions. The inclusion of two Athens-listed members is a testament to the expansion of our European reach, and a further step in the integration of Greek capital markets into the Euronext family. The impressive trajectory of many of the members of the Euronext Tech Leaders initiative demonstrate the depth and dynamism of Europe's technology landscape. Through their leadership and disruptive innovation, the Euronext Tech Leaders companies strengthen Europe's strategic autonomy and competitiveness in the global technology industry, and Euronext remains committed to supporting their journey at every stage of their growth."*

Inclusions following the 2026 annual review of the Euronext Tech Leaders segment

Company Name	ISIN Code

About Euronext

Euronext is the leading European capital market infrastructure, covering the entire capital markets value chain, from listing, trading, clearing, settlement and custody, to solutions for issuers and investors. Euronext runs MTS, one of Europe's leading electronic fixed income trading markets, and Nord Pool, the European power market. Euronext also provides clearing and settlement services through Euronext Clearing and its Euronext Securities CSDs in Denmark, Italy, Norway and Portugal. In November 2025, Euronext acquired a majority stake in the Athens Stock Exchange (ATHEX), reinforcing its pan-European footprint and further extending its fully integrated market infrastructure with the addition of an exchange, a CSD and a clearing house.

As of March 2026, Euronext's regulated exchanges in Belgium, France, Greece, Ireland, Italy, the Netherlands, Norway and Portugal host over 1,800 listed issuers with €7 trillion in market capitalisation, a strong blue-chip franchise and the largest global centre for debt and fund listings. With a diverse domestic and international client base, Euronext handles 29% of European lit equity trading. Its products include equities, FX, ETFs, bonds, derivatives, commodities and indices.
