UNCONVENTIONAL INNOVATION

**Milan – 29 June 2026** – Euronext today congratulates Alia Mentis on its listing on Euronext Growth Milan.

Alia Mentis is a deep-tech company headquartered in Montebelluna, engaged in the development of advanced composite materials and proprietary technologies for innovative manufacturing processes. Founded in 2012, the Company acts as a technology partner for industry players across the industrial, automotive, sports, aerospace, and defense sectors, leveraging an intellectual property portfolio comprising trademarks, proprietary technologies, and patents.

The listing of Alia Mentis represents Euronext's 37<sup>th</sup> listing this year. In the placement phase, Alia Mentis raised €35 million including the potential exercise of the over-allotment option. Excluding the exercise of the over-allotment option, the total amount raised will be €31.8 million.

The free float at the time of admission is 32.9%, and the market capitalisation at IPO amounts to €96.8 million (€100 million, assuming the full exercise of the over-allotment option).

**Giuseppe Paronetto, CEO of Alia Mentis, said:** *"We are proud to celebrate Alia Mentis's listing on Borsa Italiana today, an important milestone in the Company's history and, at the same time, the beginning of a new phase of growth, openness and accountability towards the market. Since 2012, we have built a journey founded on research, proprietary technology, patents and the ability to transform highly specialised expertise into concrete industrial solutions that aspire to become global standards. For us, the listing represents a strategic lever to strengthen the Company's structure, support new investments, accelerate development and expand industrial opportunities, while remaining true to our identity as an Italian deep-tech company. This achievement belongs first and foremost to the people of Alia Mentis, to the investors who have chosen to believe in our project, and to all the partners who have accompanied us throughout this journey. Today, it is not just a bell that rings, it marks the beginning of a new responsibility: to transform our technology into growth, trust and value for the future."*
