

Shareholder Information products

Official ownership intelligence for the Norwegian equity market

Provider	Coverage	Delivery	Frequency
Euronext Securities Oslo	Norwegian ISINs registered in Euronext Securities Oslo	CSV file via SFTP	Daily / Weekly / Monthly

The Shareholder Information product suite consists of:

- Top Shareholder Information – Up to 200 largest investors
- Organisational Owners – all organisational owners in Norwegian equities
- Top Shareholder Changes – The 50 largest changes in ownership of equities in Norwegian companies

These products provide official, daily overviews of shareholder data in companies listed on Norwegian markets with shares registered in Euronext Securities Oslo, covering top holdings, position changes, and organisational ownership. Sourced directly from the shareholder register, the datasets deliver structured, reliable ownership information that enables market participants to analyse ownership structures, detect changes, and build high-quality data products with confidence.
