BCS API updates

Dear Client,

To avoid unexpected disconnections from the Euronext Clearing system, we strongly recommend that Members using the BCS API, periodically verify to have installed the latest version, available at www.borsaitaliana.it/borsaitaliana/gestione-mercati/bcs-bitclearingstation/bcs.htm.

The latest version of the BCS API is currently 1.6.3.

The release of the new BCS API versions is communicated by Euronext Clearing through appropriate Operational Notices, published at www.euronext.com/en/post-trade/euronext-clearing/notices/operational-notices and notified by e-mail to the addresses registered in the [Member Portal](#).

The latest communication in this regard is the [Operational Notice of 30 April 2021](#), to which reference should be made for any further information.
