# EMIR Refit Reporting

To the attention of:	<b>GCMs and ICMs on Derivatives Sections</b>
Priority:	<b>High</b>
Subject:	<b>EMIR Refit Reporting Guidelines</b>

Dear Participant,

we are pleased to inform you that, to facilitate a smooth transition of the implementation of the new technical standards and promote a standardization of the reported fields, Euronext Clearing has published a third version of the **EMIR Refit Reporting Guidelines for the IDEM market (Italian Derivatives Market)** available at the link [Euronext Clearing website](#) under the SFTR and EMIR Reporting section. This version introduces a new management for the field **2.2 - Report Tracking Number**, which, due to the implementation of the ESMA validation rules, must be decoded before submission to the Trade Repository. This guidance will enter into force from 29 April 2024. The document provides an overview of how Euronext Clearing expects participants to populate their fields to enable **Euronext Clearing** to match the data with their reporting.
