Re:

RCC Service Split Payment – Go Live

Dear Client,

We are pleased to announce that, in line with the Road Map 2019 and further to Operational Notices [ON 40/2019](#) of 21 June 2019, [ON 44/2019](#) of 24 July 2019, [ON 49/2019](#) of 12 September 2019 and [ON 54/2019](#) of 25 September 2019, following the positive outcome of the tests, the functions for the management of Split Payments and electronic invoicing will be released into the production environment on Monday 14 October 2019.

At the same time, the corresponding changes to the RCC service for the recognition of fees for shareholders' meetings will also be released, together with updated user manuals in Italian and English. The data scheme records are available in the relevant directory on the MT-X platform.
