Tax guide for the German market

To the attention of:

All Participants

Topic:

Modification of documentation for a standard refund application on the German market

Dear Client,

Please note that as a result of some modifications introduced by the German tax authority, we have updated the tax guide for this market by entering a new link to the authority's website to fill the new 010005 form.

Accordingly, please refer to the new document when making new Standard Refund on Germany applications.
