MONTETITOLI4U – operating systems

To the attention of:	**All Participants**
Topic:	**MOTI4U – operating systems**

Dear Client,

We are pleased to announce that, in order to make ever more secure our MONTETITOLI4U platform, through which Monte Titoli's web services (CLIMP, MT-X and X-TRM Online) are provided, outdated security protocols will be disabled as of 9 October 2021.

The only compatible operating system will be Windows 10, while at present, the browsers that can be used with MONTETITOLI 4U are Microsoft Edge, Mozilla, Firefox and Chrome.

For further information please contact:
