T2S activities during the CSLD Project Go-Live

To the attention of:	DCP
Priority:	High
Topic:	Delivery of elements removed from Release 6.2

Dear Client,

We inform you that the T2-T2S consolidation project will be released into the production environment during the weekend of 17-19 March. In order to support the new interfaces, the modules that were removed from the previous Release R6.2 will be reintroduced and released on the T2S platform.

Plan to release the software into the production environment

The modules will be released into production according to "option 2" as defined in the T2S MOP.

The PTTS-SOMT team will provide email confirmation of the most significant phases of the release process:

- On Friday 17/03, at around 20:00 hours, confirmation of the start of the release procedure will be sent, along with the closure of incoming and outgoing communication channels to/from T2S, A2A and U2A channels;
- On Saturday 18/03 at around 09:00 hours, the reopening of the U2A - GUI communication channels will be announced to enable DCP clients to conduct verifications during the SOD and NTS phases;
