Finland, France: New documentation for fiscal services

For the attention of: DCPs, ICPs
Priority: MEDIUM
Re: CROSS-BORDER SETTLEMENT

Dear Client,

Monte Titoli wishes to inform you that the guides for fiscal services for the markets of Finland and France have been updated.

The documentation is available on the pages for the respective countries of the 'Cross-border' section of the Monte Titoli website:

<http://www.lseg.com/post-trade-services/settlement-and-custody/monte-titoli/cross-border/securities-markets/finland>

<http://www.lseg.com/post-trade-services/settlement-and-custody/monte-titoli/cross-border/securities-markets/france>

We also took the opportunity to update the table 'Restrictions on the operations of intermediaries', with a new restriction on the French market, whereby French financial instruments can only be held in Monte Titoli on behalf of final beneficiaries who are not resident for fiscal purposes in France; the updated document is available from the following link:

<http://www.lseg.com/post-trade-services/settlement-and-custody/monte-titoli/cross-border/securities-markets/cross-market>
