Corporate Events - ("Corporate Actions") are pivotal moments in financial markets and standardising processes around them is essential to promote market efficiency, reduce risks, and ensure regulatory compliance, ultimately benefiting all market participants.

We encourage our clients and in particular, the back-office teams, to attend the webinar as we will provide an in-depth explanation of our Whitepaper and illustrate how we intend to implement the common Corporate Events platform for all asset classes across our four CSDs.

The [Corporate Events White Paper](#) and some frequently-asked-questions are available on our website. We recommend reviewing it in advance of the webinar for better readiness.
