Guidelines for the connectivity to testing and production environments for T2S

Dear Client,

Monte Titoli is pleased to announce that the document "Connectivity Test v1.0 February 2015" is now available on our website, at the following directory:

Homepage → Target2-Securities → T2S Documentation → Testing ([link](#))

The presentation contains important instructions regarding connectivity to testing and production environment for the Community Testing phase, which will begin on the 2nd of March 2015. Connectivity tests can be carried out between the 9th and the 20th of February 2015.

In the document you may find the connectivity guidelines for the following communication channels: RNI, MT-A2A, and MT-X/X-TRM Online.
