

MY QUOTE BOX

- Real-time display of your share prices on your Web site
- A personalised display
- A tailor-made solution

Always concerned with providing solutions in order to optimize your visibility, Euronext launches its newest service: My Quote Box.

Easy to install, this tool allows for a real-time display on your site (Extranet and/or Intranet) of your share price via a 220-size pixel module. Thus, Euronext offers you the possibility to personalise the display of your stock price data in the colours of your site while respecting your visual identity.

A synthetic and complete display at the same time

The real-time display of your share price split in two services.

Premium Service: Euronext automatically refreshes your share's data every 15 seconds.

Standard Service: The share's data refreshes at your own initiative. Display the stock prices containing the following data: market location, last price & currency; D/D-1 variation and timestamp.

A detailed sheet of your stock price

With a single click on "More", you will have access to the detailed sheet of your share (codes and classifications, graphs, history, last trades, trading, order book, etc).
