This latest round of launches offers access to different styles of index (growth, value, high dividend) and the first short ETF in the range, allowing investors to take short positions on the CAC 40 index. The new products complete the European sector offering and broaden geographical coverage to emerging regions.

The CASAM ETF range now allows investors to track major equity markets around the world (Europe, Asia, US) as well as the main European style indices and sectors.

Valérie Baudson, Managing Director, CASAM ETF, comments *“We launched 20 ETFs in the last quarter of 2008 which raised 730 million Euros. We are actively pursuing the development of the CASAM ETF range and capitalizing on our policy of competitive pricing”*.

Scott Ebner, Senior Vice President, Exchange Traded Funds, NYSE Euronext, adds: *“We welcome these new products from CASAM, which will enable investors to have exposure to a broad range of widely followed indices. The expansion of CASAM’s ETF offering is an important contribution to continuing the strong growth of the ETF market in 2009”*.

The CASAM ETF product range is distributed by a dedicated sales team at CA Cheuvreux as well as through the sales network of Crédit Agricole Asset Management.

This document should not in any way be regarded as a recommendation, solicitation of an investment offer, or a purchase, sale or arbitrage offer of shares or units in the investment fund defined herein, nor should it in any case whatsoever be interpreted as such. This information is, by its very nature, not exhaustive and subject to change.

The Fund has no guarantee in capital. Share or unit values are subject to market fluctuations, the investments made may therefore vary downward as well as upward. It is therefore possible that investors will not get back the amount they originally invested, notably as the result of a decline in the value of the underlying index.

The Fund may be subject to restrictions with regard to certain persons or in certain countries under national regulations applicable to said persons or in said countries. It is your responsibility to ensure that you are authorized to invest in this product, as well as the tax consequences of such investment.

The amount to be reasonably invested in the Fund depends on the investor's personal circumstances. To determine this, investors must take into account their personal wealth, personal assets, current and future needs, as well as their risk tolerance profile, whether this favours high or low-risk investments. It is also highly recommended that investments be diversified in order to avoid exposure solely to the risks of this Fund. Investors are advised to seek advice from their usual advisors (financial, legal, taxation) before purchasing any share units.

Potential investors are invited to consult the risk profile, details of which are provided in the full prospectus.
