

## NYSE Euronext welcomes Acropolis Telecom to NYSE Alternext

**Paris, 4 August 2010** – NYSE Euronext today announced the admission of Acropolis Telecom to NYSE Alternext.

Founded in 2001, Acropolis Telecom serves a clientele principally made up of SMEs and local authorities with IP (Internet Protocol) connection and communication solutions that combine attractive costs and the best in technology. Specializing in digital convergence for voice, video and data, the company has won a place among the leading telecom operators in France.

Acropolis Telecom (ticker symbol: ALACR) was admitted through the transfer of the 3,990,113 existing shares making up its capital from the Free Market to NYSE Alternext.

Market capitalization of Acropolis Telecom on the date of admission amounted to €13 million.

*"We are delighted to welcome Acropolis Telecom to NYSE Alternext and to support the company as it enters a new stage in its development, comments Ronald Kent, Group Executive Vice President and Head of International Listings at NYSE Euronext. Admission will give Acropolis Telecom the benefit of outstanding visibility and improved liquidity, enabling the company to accelerate deployment of its strategy for growth."*

Samir Koleilat, Chairman of Acropolis Telecom, adds: *"Our move to NYSE Alternext opens the way for quicker expansion combining continued momentum from organic growth with new impetus from acquisitions targeting businesses whose fields of operation or geographical range complement our own. That will require several tens of millions of euros over the next three years, which we hope we will be able to raise on NYSE Alternext."*

NYSE Alternext today counts 147 listed companies from countries including Belgium, Canada, China, France, Italy, Luxembourg, the Netherlands, Spain, the UK and the US. Together they have raised over €2.3 billion, half of this through secondary issues, and their market capitalization totals €4.9 billion.

**About Acropolis Telecom**

Acropolis Telecom is one of France's leading full IP operators. Specializing in IP telephony and voice-video-data convergence, it offers comprehensive telecom solutions spanning fixed and mobile telephony, internet access, e-mail, CRM, videoconferencing and telepresence via SDSL or optic fibre.

The company builds on a number of strengths for its markets:

- specialization in voice over IP
- independence from suppliers for its backbone
- capacity to offer customized solutions.

Founded in 2001, Acropolis Telecom currently counts 42 staff members.
