EMDA AUDIT POLICY

Version 1.0 - Applicable from 1 September 2017

1. DEFINITIONS

All capitalised terms used but not defined herein will have the meaning as defined in the EMDA General Terms and Conditions.

2. SCOPE

- 2.1 Euronext is entitled to Audit the Contracting Party, its Affiliates and/or its Service Facilitators ("**Audited Party**") upon providing 30 (thirty) days' prior written notice (including by e-mail), stating the intention to Audit and including an outline of the Audit ("**Audit Notification**"). A shorter notice period can be given where Euronext has good reasons to suspect breach of the Agreement by the Audited Party.
- 2.2 Audits will be conducted on a routine basis not more than once within 3 (three) years within the same scope ("**Regular Audits**").
- 2.3 If Euronext reasonably believes the Contracting Party is materially breaching the Agreement, Euronext may also conduct extra Audits ("**Extraordinary Audit**") in addition to the Regular Audit, to be decided in its reasonable discretion. Grounds for an Extraordinary Audit include, but are not limited to, discrepancies in Reports or incomplete Reports. In case of Extraordinary Audit Euronext can shorten the notice period.
- 2.4 The Audit will be performed by employees and/or contractors of Euronext and/or third parties instructed by Euronext ("**Audit Team**").
- 2.5 In case the Audited Party objects to a specific third party or a specific employee and/or contractor of such third party to perform the Audit on behalf of Euronext, and it has reasonable cause to do so (i.e. in case of a compliance issue or conflict of interest issue with such third party), Euronext will either perform the Audit itself or instruct another third party or another employee and/or contractor of the third party to perform the Audit.
- 2.6 In case the Audited Party Redistributes Information to Non-Professional Subscribers and any internal policy, law and/or regulation applicable to the Audited Party prohibits the Audited Party to disclose the details of such Non-Professional Subscribers to Euronext, such Audited Party shall hire and instruct at its own expense an external and independent audit firm ("**Independent Auditor**"). The Independent Auditor must be pre-approved by Euronext, such approval not to be unreasonably withheld. The Independent Auditor will be required to complete the Audit 90 (ninety) days of the Audit Notification in line with Euronext's audit guidelines and it shall inform Euronext in writing of its findings.

3 AUDIT PURPOSE

- 3.1 The Audit Team examines if the correct remuneration has been paid to Euronext, it identifies possible sources of errors and it recommends solutions to reduce any future errors occurring. This can involve the verification and assessment of:
- (a) the controls and procedures surrounding the dissemination of and/or provision of access to Information (entitlement and permissioning); and
 - (b) the Reports the Audited Party is obliged to submit.
- 3.2 Both Euronext and the Audited Party shall co-operate to ensure that the purpose of the Audit is achieved with minimum disruption to the business operations of any parties involved, including Clients where applicable.

4 AUDIT SCOPE

- 4.1 The scope of an Audit includes the Audited Party's Use of Information as well as any dissemination of and/or provision of access to Information by the Audited Party to any third parties. The Audit will also cover any unauthorized as well as erroneous onward dissemination of or provision of access to Information. For the avoidance of doubt, Audited Parties that solely provide Delayed Information to Subscribers and/or Publicly Display Information to its Users are not required to submit Reports. In this case an Audit would therefore not include the examination of Reports to verify correct and efficient reporting.
- 4.2 An Audit may cover all Information Products received by the Audited Party either directly from Euronext or via a third party.
- 4.3 The Audit Team may examine all means of communication, systems, Devices and applications that Use and or Redistribute Information, in addition to the procedures, processes and systems, such as Entitlement Systems, that control the release of and/or provision of access to Information.
- 4.4 The Audit Team may examine all records, procedures, processes and systems relevant to the Audited Party's requirement to submit Reports including, but not limited to, entitlement records, Datafeed Access Declarations, inventory management records and employee (cost allocation) records.
- 4.5 Subject to clause 4.6, the period over which the Audited Party is audited may be up to 3 (three) years and will be specified in the Audit Notification ("**Audit Period**"). However, in case of a delay caused by the Audited Party not meeting the preparation requirements (as described in clause 6.5 of this Policy) and/or cooperation requirements (as described in clause 6.7 of this Policy), Euronext may extend the Audit Period with a period equal to the number of days the Audit was delayed.
- 4.6 The Audit Period will not reach back more than 3 (three) years from the date the Audit Notification was sent .

5 AUDIT LOCATION

- 5.1 In general the Audit takes place at the premises of Euronext or the third party instructed to conduct the Audit (“**Remote Audit**”) and the Audit Team shall for that purpose be entitled to require from the Audited Party:
- (a) delivery of the relevant (parts of) agreements, records and information for the purpose of a review and analysis at the site of Euronext or the third party instructed to conduct the Audit; and
 - (b) remote demonstrations of systems and applications such as through video conferencing, online meetings, presentations and screen sharing and webinars.
- 5.2 After the Audit notification the Audit Team may still at any time decide to conduct the Audit (in whole or in part) at the premises of the Audited Party (“**On-Site Audit**”) without the need for a new Audit Notification. The Audit Team will provide the Audited Party 2 (two) weeks’ notice of such change.
- 5.3 Euronext may occasionally announce an On-Site Audit (in whole or in part) to identify and locate the sources of errors in Reports.
- 5.4 In case of an On-Site Audit the Audited Party ensures that the Audit Team will have access to the premises of the Audited Party and/or any other premises at which the Audited Party accesses, receives, Uses and/or Redistributes the Information and that are on the basis of which proper performance of this Agreement may be ascertained.
- 5.5 If the Audited Party requires Euronext to change a Remote Audit, as announced by Euronext in the Audit Notification, into an On-Site Audit, all reasonable additional costs resulting from such change will be at the expense of the Audited Party.

6 AUDIT NOTIFICATION, PREPARATION AND PLANNING

- 6.1 The Audit Notification will include the scope of the Audit, including but not limited to, the Audit Period, commencement date, products, procedures, Audit location and a list of all (parts of) agreements, (application) overviews, records and information the Audited Party is required to provide to Euronext.
- 6.2 The Audit Team will only request (parts of) agreements, records and/or information that are necessary to verify a proper performance of this Agreement.
- 6.3 Following the Audit Notification Euronext will contact the Audited Party by phone or email to confirm the details of the Audit.
- 6.4 The Audited Party may request within 2 (two) weeks of its receipt of the Audit Notification in writing (including by email), a deferment of the commencement date of the Audit up to a maximum of 90 days, to be granted by Euronext in its reasonable discretion.
- 6.5 The Audited Party will prepare the Audit by:
- (a) identifying, collecting centrally and making available for inspection by the Audit Team, all (parts of) agreements, Reports, records (including but not limited to the Audited Party’s entitlement records and records of an accounting, technical or other nature) and other

information in relation to its Use and or Redistribution of the Information, and requested in the Audit Notification, prior to the commencement date of the Audit; and

- (b) ensuring that sufficient resources are made available for the complete duration of the Audit (such as relevant staff, records and equipment) in order to analyse, discuss and clarify outstanding issues.
- 6.6 Euronext will prepare the Audit by ensuring that sufficient resources are made available for the complete duration of the Audit, such as relevant staff and equipment, in order to analyse, follow up on and discuss any outstanding reconciliations, feedback and issues.
- 6.7 Both the Audit Team and the Audited Party shall promptly cooperate to plan, prepare and conduct the Audit in an efficient manner.

7 ANALYSIS AND PRELIMINARY RESULTS

- 7.1 During the Audit the Audit Team can ask for additional information or details in relation to the Audited Party's Use and/or Redistribution of such Information. The Audited Party will ensure that the Audit Team has prompt access to such information or details for inspection.
- 7.2 The Audit Team will put in writing the results of its work on a regular basis, as well as any outstanding issues and assumptions.
- 7.3 Regular meetings with the Audited Party (including by phone) will be scheduled by the Audit Team to discuss and agree upon outstanding issues and an approach and time frame for resolving such outstanding issues.
- 7.4 The Audited Party will be requested to provide feedback on outstanding issues before a date set and confirmed in writing (including by e-mail) by the Audit Team. This date may be deferred in the Audit Team's reasonable discretion following a prompt request of the Audited Party. If provided on time the Audit Team will take into account the Audited Party's comments and recommendations in the preliminary results. Otherwise the Audit Team will be entitled to prepare the preliminary results based on the information available at the time of the deadline.
- 7.5 In the event of a lack of documentation to support Reports to Euronext, significant discrepancies or contract violations, the Audit Team can lengthen the Audit Period, initiate additional queries, validation tests, additional visits and expand the number of locations audited.

8 AUDIT RESULTS AND SETTLEMENT

In the event of a lack of documentation to support Reports to Euronext, the Audited Party can estimate the amount to be paid in accordance with its reasonably exercised discretion. In the event of significant discrepancies,

the Contracting Party can impose sanctions pursuant to clause 13.3 of the EMDA General Terms and Conditions.

- 8.2 The Audited Party is required to respond to the Audit Results and Audit Settlement in writing (including by e-mail) within 30 (thirty) days of the Audit Team sending the Audit Results and Audit Settlement. - 8.3 The Audited Party may request the Audit Team to arrange a meeting with them to discuss the Audit Results and Audit Settlement. Such meeting must be held within 30 (thirty) days of the Audit Team sending the Audit Results and Audit Settlement.
- 8.4 In case of material deviations between the Reports and actual access to Real Time Information by the Audited Party, Euronext is entitled to make the further supply of Information to the relevant Audited Party depend on the conclusion of the Audit as described in clause 9.1 of this Policy.

9 CONCLUSION OF THE AUDIT

- 9.1 The Audited Party shall promptly take the appropriate steps to implement the Audit Results.
- 9.2 If the Audit Results reveal that there has been an underpayment of Fees, the Audited Party will receive a claim pertaining to the Audit Settlement.
- 9.3 Any claim arising out of the Audit Settlement will be invoiced to the Audited Party by Euronext and should be paid to Euronext in accordance with clause 10 of the EMDA General Terms and Conditions. Upon complete payment of such invoice Euronext will certify completion of the Audit in a closing letter by e-mail. The closing letter will refer the Audit Period and locations audited.
- 9.4 The Audit is concluded upon finalising the Audit Results and Audit Settlement and implementation of the Audit Results and payment of the Audit Settlement if applicable.
- 9.5 On request Euronext will provide the Audited Party with a signed settlement letter, confirming that the Audit is concluded and describing the Audit Settlement. EMDA NATURAL USER POLICY

Version 1.0 - Applicable from 1 January 2018

1. DEFINITIONS

All capitalised terms used but not defined herein will have the same meaning as defined in the EMDA General Terms and Conditions.

2. SCOPE

- 2.1 This Natural User Policy, which forms part of the EMDA, applies when the Natural User unit of count has been granted by Euronext to the Contracting Party .
- 2.2 The Contracting Party can submit an application for Natural User to Euronext in accordance with the Natural User Application Guidelines. Euronext will solely consider such application for Natural User if the requesting party has entered into an EMDA with Euronext.
- 2.3 Euronext will respond to the Contracting Party within 14 (fourteen) days of receipt of the application for Natural User, confirming the status of the Contracting Party's application.
- 2.4 Euronext processes all applications for Natural User on a first come first served basis. Euronext can maintain a waiting list for applications for Natural User.

3. CRITERIA FOR NATURAL USER

- 3.1 Euronext determines, in its reasonable discretion if the Contracting Party has met of the following criteria for Natural User:
 - a) The Contracting Party's application covers all of its and its Affiliates Internal Use of Real Time Information from all its Information Suppliers;
 - b) The Contracting Party and its Affiliates entitle all Real Time Recipient-Controlled Information received and Used by the Contracting Party, its Affiliates and its Service Facilitators through an Entitlement System in accordance with clause 6.3 of the EMDA General Terms and Conditions;
 - c) The Contracting Party is capable of providing Euronext with all necessary information required by Euronext to reconcile Reportable Units at the natural user level, which is outlined in the Natural User Application Guidelines;
 - d) The Contracting Party appears to have no open invoices from Euronext for which the payment period specified in clause 10.4 of the EMDA General Terms and Conditions expired;

- e) The Contracting Party appears to be capable of submitting Reports in compliance with the EMDA, as assessed in accordance with clause 4.1;
 - f) The Contracting Party appears to be capable of accurately administering a Natural User count, as assessed in accordance with clause 4.2; and
- 3.2 Offering Natural User to the requesting Contracting Party must be proportionate considering the cost of providing Natural User to such Contracting Party, as to be determined in Euronext's reasonable discretion. The Natural User Application Guidelines outline how Euronext determines the proportionality of the costs of providing Natural User to an applicant. Offering Natural User to a Non-Professional Subscriber is in every case considered to be disproportionate considering the cost for Euronext of providing Natural User to such Non-Professional Subscriber.
- 3.3 When all criteria set out in clause 3.1 and 3.2 are met, Euronext will approve the application for Natural User.
- 3.4 Upon receiving approval for Natural User, Euronext, the Contracting Party and all Information Suppliers of the Contracting Party and its Affiliates will agree upon the date as of which the Contracting Party can apply the Natural User count. For more details, please refer to the Natural User Application Guidelines.
- 4.2 Euronext will assess the Contracting Party's ability to accurately administer a Natural User count for its, its Affiliates and its Service Facilitator's Use of Real Time Information. Therefore Euronext requires the Contracting Party to report the Natural User count parallel to its current reporting of its Internal Use of Real Time Information over a three month period under non-billable Information Product codes as specified by Euronext. If parallel reporting reveals the Contracting Party did not accurately administer the Natural User count, Euronext may either extend the parallel reporting period allowing the client to improve its administration processes or reject the Natural User Application. For more details, please refer to the Natural User Application Guidelines.
