

OPTIQ ORDER ENTRY GATEWAY (OEG) CASH: UPDATED SPECIFICATIONS ON THE THROTTLING MECHANISM

Summary

Euronext publishes an updated specifications document explaining how the throttling mechanism works on the Optiq Order Entry Gateway (OEG).

UPDATED DOCUMENTATION ON THE THROTTLING MECHANISM

Following the Optiq Notice of **27 June 2018**, Euronext publishes an updated specifications document explaining how the Optiq Order Entry Gateway (OEG) throttling mechanism works. Examples including graphs and kinematics have been included to illustrate the new mechanism on Optiq.

The updated specifications can be found on the Euronext website [here](#).

Additional information can be found on the Optiq section of the Euronext website:
